Polly Willis

May 22, '52

Dearest Polly,

It has been grand living around you, going to school with you and most of all dating with you.

Polly, I'll always remember you as the sweetest first-Cousin I have ever had. I hope you and Jack will always have your love, luck + happiness. I know you two will always be happy in everything you go about to do.

Remember those nights you Dick, Jack and I went to Danville (sometimes Dan and Richard), the night we went to Ridgeville, the night we went to Ryan Lees and all the nights we stayed at home? When I think of those nights I almost cry. "I guess you know what it means to be lonely." Don't you? Well, Polly I've been feeling lonely since March 7, 1952. I treasure those 3 months the most in my memory. I'll always keep the rhinestone set (what I have left) until the day I die. Nomatter what I think of Dick is refused in my memory.

As my space is giving out I'll sign saying "I love you and hope you and Jack always be happy."

Love

Experience...not an Experiment

Dearest Sally,

This really isn't the end, although it may seem that the days of fun are over, it's not really so. Your life has just begun and these may be the best days of your life, but you'll find that when you have your own private little world and your own Children, then that will be the best time.

Always remember us, the Seniors, but always keep looking for something better. If you never find it here, you'll find your reward in Heaven.

Luck always
Lucy Ellen

Dear Sally,
It has been nice having you for a friend. You are a very sweet girl.
Lots of luck.
Billie Rae

Dear Polly,

Well, these are the last days of school and we have had a wonderful time together these twelve years. We have misunderstandings, but they didn't amount to anything and didn't last long either. always remember the good "ole days" at Solomon Lea and Bartlett Yancey. I will soon be a housekeeper and I want you to come and see me. Maybe before long you will be housekeeping, also. (with Jack)

always remember me as one of your best friends.

I love you,
Nancy

Dear Polly,

Here's wishing you the very best of everything out of life always. I will always remember the good times we have had at S.Y.H.S. Stay sweet always like you are now and you will always stay happy.

I love you!
Alice

Dear Polly

May you have the best of everything that life can offer. You are a grand person - a good friend and athelete. You seem to be always happy and smiling. I hope you stay that way all through life. You are "tops" and deserve only the best. Wishing you and Jack every happiness.

Love,
Nannie

Dear Sally.

It gives me a great pleasure to write in your year book. As we come to the close of this year, I think more about the good times we've had than ever before, because next year you will not be here to share all the joys with me. As I write all these things down here, just remember it's not all that I would like to say.

You have always been so sweet to me, but such a person as you couldn't be anything else way.

Remember all those things that we have shared together, just (you and I). We have had so many good times together — dating, at school, and just actually being together. Remember the day we went to Hamilton and that time [illegible]

Well, anyway wherever you go and what ever you do just remember me, for I'll always love you

may all the good things in life come your way for you are a person that deserves the best. I wish you and yours all the success and happiness that life has to offer for such a cute couple.

Best Wishes from someone that loves you (very much)

Barbara

Dear Polly,

I have really enjoyed having you as my (sister) (almost) all my life. I always remember the good ole times we have had together at S.L.S and B.Y.H.S and most of all at home. Polly no matter where you go or what you do the rest of your life I can never forget you. I wish you and Jack much happiness in the future.

Love from always!
